12:50-13:10	3. Adequate analgesia in the perioperative period is impossible without opioids.	Tkachenko R.O., Zaychenko S.P. Ukraine
13:10-13:30	4. Alpha2-agonists in the structure of non-opioid analgesia	Belka K.Yu. Ukraine
13:30-13:50	Discussion	
Coffee pause 10 min		
14:00-14:20	Lecture in memory of Professor Glumcher FS	Kuchyn Yu.L. Ukraine
Baxter satellite		
14:20-15:20	Parenteral nutrition in the ERAS program. To whom, when and how much	Pidhirnyy Ya.M. Ukraine
Coffee pause 10 min		
ERAS in cancer patients		
15:30-15:50	1. Anesthesia and cancer.	Chernyy V.I. Ukraine
15:50-16:10	2. Influences of ERAS adaptation on oncological prognosis	Burlaka A.A. Ukraine
16:10-16:30	3. Does preoperative preparation in ERAS delay surgery?	Kopchak K.V. Ukraine

16:30-16:50	4. The place of regional anesthesia in the ERAS program	Strokan A.M. Ukraine
16:50-17:00	Discussion	
ERAS in high-risk patients		
17:00-17:20	1. Risk assessment.	Evseeva V.V.
17:20-17:40	2. Risk reduction.	Kobelyatskiy Y.Y. Ukraine
17:40-18:00	3. How to communicate with the patient in case of refusal of surgery.	Ioffe O.Yu. Krivopustov M.S. Ukraine
18:00-18:10	Discussion	

18.02.2021 Thursday

Selected questions in the program ERAS (I)

08:45-09:05	1. Preoperative anemia: new recommendations.	Tkachenko R.O. Ukraine
09:10-09:30	2. Strategy for prevention of postoperative delirium and cognitive dysfunction.	Lisnyy I.I. Ukraine
09:35-09:55	Mechanical bowel preparation before surgery in the ERAS program. Pro/Con	Stetsenko O.N. Ukraine
09:55-10:10	Discussion	

Selected questions in the program ERAS (II)

10:15-10:35	1. "The Role of the Anesthesiologist in ERAS"	Medhat Shalabi /UAE
10:40-11:00	2. "The Role of the Surgeon in ERAS"	Majid Bassuni/ UAE
11:05-11:25	3. Pre-rehabilitation. How to prepare vulnerable patients?	Zahoruyko F.P. /Ukraine
11:25-11:45	4. "ERAS Hemodynamic Management for Surgical Patients"	Medhat Shalabi /UAE
11:45-12:00	Discussion	

Coffee pause 10 min

Does ERAS work for children?

11:45 – 12:05	1. Non-opioid perioperative analgesia in children. Security and opportunity.	Dmytriev D.V. Ukraine
12:10-12:30	2. ERAS elements that are used and not used in children.	Kiseleva I.V. Ukraine
12:35-12:55	3. Patient safety and the ERAS program: is it simple or not?	Dmytriev D.V. Ukraine
12:55-13:10	Discussion	

13:10-14:10

Satellite company UF What is Pain free clinic. Problems, necessity and importance.

Lisnyy I.I. Ukraine

Coffee pause 5 min

ERAS in various fields of surgery (I)

14:15-14:35	1. ERAS in liver surgery	Lukashenko A.V. Ukraine
-------------	--------------------------	----------------------------

14:40-15:00	2. ERAS in urology	Stahovskiy O.E. Ukraine	
15:05-15:25	3. ERAS in proctology	Mahmudov D.I. Ukraine	
Coffee pause 10 min			
ERAS in various fields of surgery (II)			
15:35-15:55	1. ERAS in obstetrics.	Tkachenko R.O. Ukraine	
16:00-16:20	2. ERAS in surgery of the esophagus and stomach	Kondratskiy Yu.M. Ukraine	
16:25-16:45	3. ERAS in gynecology.	Petrichenko V.V. Ukraine	
Some contradictory elements of ERAS			
16:50-17:20	1. Thromboprophylaxis in the perioperative period.	Emyashev Ukraine	O.V.
17:20-17:40	2. "Postoperative ventral hernia: is it possible and effective to use the ERAS-protocol in this pathology?"	Tarasyuk Ukraine	T.V.
17:40-18:00	3. Chewing gum in the postoperative period. Efficacy from the standpoint of evidence-based medicine.	Kvasivka Ukraine	O.O.
18:00-18:10	Discussion		
18:10-18:15	CONFERENCE CLOSING
